

Onyekachukwu Jovis

Full Stack Software Engineer

I'm a Full-Stack Software Engineer with strong expertise in designing, developing, and maintaining scalable web applications and high-performance systems. I deliver reliable, secure, and maintainable solutions that meet user needs and business goals, using clean, efficient code and modern development practices across both frontend and backend technologies

Experience

MegaMindset ICT Solutions

Internship

Delta State, Nigeria

March 2025- August 2025

During my internship at Megamindset ICT Solutions, I gained hands-on experience in web development and acquired full-stack development skills across modern technologies. I worked on real-world projects, improved problem-solving through continuous learning, and developed the ability to teach and collaborate with others. The experience built my confidence and professional growth.
